

# Carrie LeRoy Named a California Trailblazer

Accolades | October 15, 2020

The Recorder

---

*The Recorder* named Palo Alto partner Carrie LeRoy among its [2020 California Trailblazers](#). LeRoy was recognized for developing “Cyber Dignity,” a program that aims to empower teenagers and young adults to make informed decisions about how to engage in the digital realm. The report was published in October 2020.

Carrie LeRoy advises clients on a wide range of intellectual property, technology and sourcing transactions, including development and license agreements, patent and other technology license agreements, outsourcing, joint ventures and strategic collaborations. Her extensive work for technology companies, including leading semiconductor, social media and information technology companies, involves advising on the intellectual property aspects of a range of complex transactions, including mergers, acquisitions, asset purchase, joint development and intellectual property divestitures.
