Rose Ring of Gibson, Dunn & Crutcher.

Rose Ring is a partner with Gibson, Dunn & Crutcher.

#### **What's your proudest professional achievement of the past year and why?**

Resolving several confidential matters in ways that allow my clients to continue using cutting-edge technologies that best serve users and their business goals.

#### **What's one piece of advice you'd give to a woman starting out in tech law?**

Don't be afraid of taking on cases involving even the most complicated technologies. If you have a logical mind, which you do if you are a lawyer, you can figure it out!

#### **What is a group or tool that has helped you grow in your career or contributes to the development of pipelines for women leaders in tech law?**

Timekeeper reports for my matters, which I use to make sure I am identifying and building talent on my teams and that women (and men) actually get a range of experiences that help them do their best work and grow their own careers.
